

**Grant Township  
Blight Enforcement**

**Blight Report for the Month of December, 2023**

- 1) As mentioned before, I stopped by the property on Ash St. that has had an untagged vehicle in the yard for some time now and also a considerable amount of empty beer cans scattered around the property. As of my last report, like the owner said he would do, the vehicle now has current tabs and the beer cans have been cleaned up. I will check again in mid January to see that additional debris is being removed.
  
- 2) I sent text messages to the owner and resident of the property at 4050 Boston. I have been trying to get this car removed for way to long. I made it clear to them that the car must be removed from the property by December 16th or they would face civil penalties. The black car at this property has been removed. It was gone on December 13th. No further action will be necessary at this time.
  
- 3) The property that belonged to Eileen Castonguay-Kendall has been turned over to her daughter and she now is the owner of this property. There has been some improvement at the address but a lot more needs to be done to bring the property into compliance. I will be sending follow up letters to the new owners and informing them what needs to be done for compliance.
  
- 4) I received a call from Todd Torrey in regards of where he would like me to concentrate more time this coming new year. These areas are: The Eagle Park sub and The Quiet Acres sub. I told him that I would start this after the new year.

Submitted Dec. 31, 2023
