

**Grant Township  
Blight Enforcement Report April 2024**

**This month's report will be short and to the point.**

**I was hospitalized for several days with pneumonia, and was on vacation for two weeks at the end of the month.**

**I will be sending the previously reported letters this week and will be following up with them mid-month.**

**I will also be addressing the issues brought up at the last planning meeting by Mr. Jennett.**

**During the month I received several calls and texts from the owner, son of the owner, and a loan officer for the son telling me that the Carpenter house will be starting the demolition process Wednesday May 1, 2024.**

**The loan officer stated that funds will be given to the son and he will start the process immediately after he receives the funds from the loan officer.**

**The son sent a text to me stating he would have a dumpster on the property by 4-30-24. I will be checking this on Wednesday 5-1-24.**

**I had no other complaints this month but I feel that things will pick up as more people return from their winter homes.**

**Norman Andersen,  
Blight Control Officer**
